

MUHAMMAD ILHAM HAKIMI BIN HAMRI

+601110120576 | ilhamhamri76@gmail.com

PROFILE

Detail-oriented Diploma Computer Science student with a strong foundational grasp of front-end web technologies, database structures and programming logic. Highly resourceful and adept at leveraging modern software tools and systematic debugging to build functional, interactive web layout. Eager to bring a strong problem-solving mindset and a rapid learning capacity to a Web Development Internship.

COMPUTER SKILLS

Languages : C++, Microsoft Visual Basic®, Java, HTML/CSS, JavaScript, PHP, SQL

Developer Platform : VS Code, Notepad++, BlueJ, Visual Studio, MySQL Workbench

Server/Hosting : XamppServer

Tools : Word, Excel, PowerPoint, Canva, Capcut

TECHNICAL PROJECTS

WeatherNow — Dynamic Weather Forecast Dashboard | HTML, CSS, JavaScript, Chart.js

- Developed a responsive weather application with dynamic weather-based themes (Sunny, Rainy, Cloudy, Night) and animations.
- Integrated Chart.js for interactive temperature and forecast visualizations.
- Implemented multi-city search and switching using DOM manipulation, regex-based search, and fallback simulation data.

Calorie Journal — Interactive Daily Fitness Tracker | HTML, CSS, JavaScript, LocalStorage API

- Built a productivity app for tracking dietary metrics with daily, weekly, and monthly views.
- Used LocalStorage to persist user data, goals, and logs across sessions.
- Created real-time progress indicators and dynamic charts for calorie tracking.

StudyTrack — Student Academic | HTML, CSS, JavaScript (ES6)

- Developed a responsive student management web application for timetable planning, task tracking, and academic performance monitoring.
- Built GPA/CGPA prediction tools using JavaScript to generate real-time academic forecasts and graduation goal planning.
- Implemented a dynamic timetable scheduler and deadline alert system with automated calendar visualization and due-date reminders.

Stitch Phone Store – E-Commerce Web Application | HTML, CSS, JavaScript, LocalStorage API

- Developed a responsive e-commerce platform with product catalog, admin dashboard and multi-step checkout workflow.

- Implemented product comparison features and client-side state management using LocalStorage for user session and shopping carts.
- Designed a modern UI/UX with modular CSS, glassmorphism effects and interactive dashboard visualizations.

EXPERIENCE

Student Entrepreneur | MarketMagnet Campaign

UiTM Kuala Terengganu | March 2026 – May 2026

- Managed a campus snack business, overseeing inventory, pricing, sales and budget tracking.
- Promoted products through direct marketing and word-of-mouth strategies to increase customer reach.
- Handled customer transactions while developing communications, sales and customer service skills.

Lazada Malaysia | May 2024 – August 2024

- Managed and successfully completed the daily delivery of 50+ packages under tight time constraints.
- Independently mapped and optimized daily navigation routes to maximize efficiency and ensure strict on-time delivery targets.
- Demonstrated strong self-discipline, time management and autonomous problem solving while handling fast-paced logistics.

KakZah Corner Nasi air and Seafood 2 | August 2025 – October 2025

- Worked closely in high pressure, fast paced team environment to ensure smooth kitchen operations and excellent customer service.
- Multi-tasked effectively between taking customer orders, food preparations and maintaining strict quality standards under time constraints.
- Developed strong active listening and communications skill to accurately execute specific customer requests.

EDUCATION

Universiti Teknologi MARA (UiTM)
Pursuing Diploma in Computer Science

Kampus Kuala Terengganu, Terengganu
September 2024 – August 2026

Sijil Pelajaran Malaysia (SPM)
SPM Certificate

Sekolah Menengah Kebangsaan Chukai
2019 – 2023
